

MITRAL VALVE SET

AFFORDABLE
INNOVATIONS

RUMEX International Co Is one of the leading manufacturers of surgical instruments for handheld surgery. Our major specialization lies within reusable instruments for cardiovascular, thoracic, MIS, and ophthalmic surgery.

Since 1994, for more than 25 years we have been constantly developing innovative surgical products together with the most experienced surgeons and industry experts. Our engineering team and highly developed manufacturing facilities allow us to implement current trends and innovative ideas of the industry.

The mission of our company is to deliver top-quality surgical instruments for our customers, constantly expanding and improving the range of goods and services.

We are pleased to introduce the new RUMEX Mitral Valve Instrument Set with the most commonly used surgical instruments for traditional approach cardiac valve procedures.

Alternative Stainless Steel and Customized instruments are available upon request.
