

CAROTID ENDARTERECTOMY SET

**AFFORDABLE
INNOVATIONS**

RUMEX International Co Is one of the leading manufacturers of surgical instruments for handheld surgery. Our major specialization lies within reusable instruments for cardiovascular, thoracic, MIS, and ophthalmic surgery.

Since 1994, for more than 25 years we are constantly developing innovative surgical products together with the most experienced surgeons and industry experts. Our engineering team and highly developed manufacturing facilities allow us to implement current trends and innovative ideas of the industry.

The mission of our company is to deliver the best surgical instruments for our customers, constantly expanding and improving the range of goods and services. RUMEX manufactures a full, comprehensive set of Re-Usable Surgical Instruments for Carotid Endarterectomy Surgery. RUMEX Carotid Endarterectomy Set includes a customizable, yet comprehensive set of the most commonly used instruments.

These instruments are manufactured using the latest technological trends, made from space grade Titanium Alloy, and medical grade German Stainless Steel. RUMEX guarantees comfortable handling, extreme durability, and top quality for the most demanding surgeons.

TRAYS

METAL STERILIZATION TRAYS, ALUMINIUM

This tray is large enough to accommodate the very long instruments used in bariatric surgeries (max length 65 cm). The system is made of tough, lightweight and corrosion resistant anodized aluminum. The laparoscopic Insert with the graduated holders (3,5 & 10 mm slots) is designed to accommodate up to 15 lap instruments. The double-decker design holds twice the number of instruments in the same amount of space.

18-701

10.7" × 25.6" × 7.7"
(27 cm × 65 cm × 20 cm)

18-723

11" × 22" × 3.5"
Universal (28 cm × 56
Tray - Double cm × 9 cm)
Layer **18-724**

Options include insert trays, universal instrument brackets, and silicone finger cushion mats. Trays are made of anodized Aluminum with mini perforations to allow for proper penetration of sterilant. Universal instrument brackets can be placed virtually anywhere.
